

Perfect Lighting Control Experience

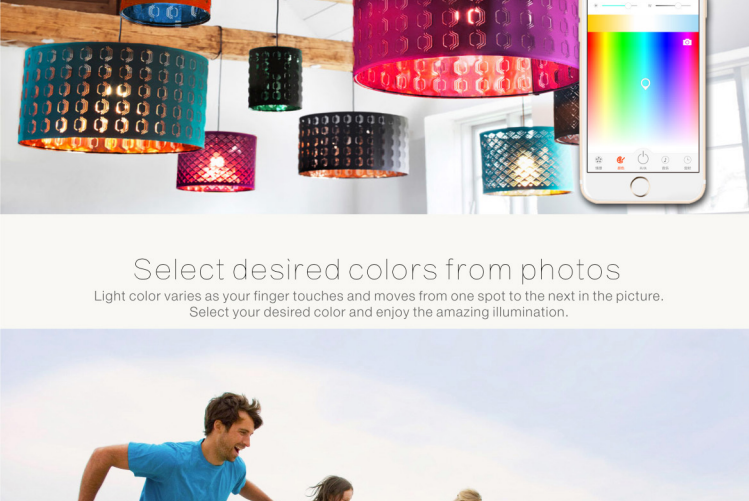

WiFi-101 is a smart WiFi controller for LED strips. Via smart phone, iPad, it makes LED lighting more intelligent, networked and humanized in local or remote control.

- Distant Control
- Smart Music
- 16.7 Million Colors
- Scene Modes
- Lighting Timing

Colorful Party

16.7million colors as a kaleidoscope create a beautiful life. Moreover, DIY Mode sparks your life with delight and surprise.

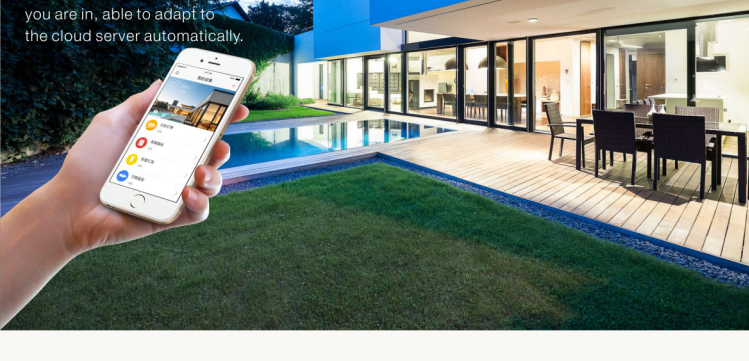

Select desired colors from photos

Light color varies as your finger touches and moves from one spot to the next in the picture. Select your desired color and enjoy the amazing illumination.

Support 3G / 4G mobile network remote control

Support smart phone remote control via the mobile network, thus no hassle of forgetting to turn off the lights. Control lights from the outside easily guarantees you a green travel.

Support Apple, Android mobile device WiFi control

Support WiFi Control of iPod, iPad, iPhone, Samsung, MIUI, Huawei etc.. Of course, easy control for other brand smart phones.

Time Switch

When night falls, the lights automatically light up your living room.

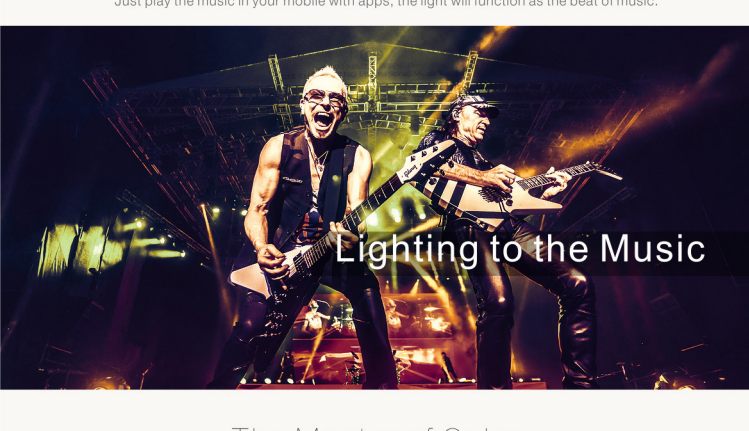

Time Switch

Lighting time switch maximizes the energy efficiency of life. Wake up bright in the morning light and do things right with all your might.

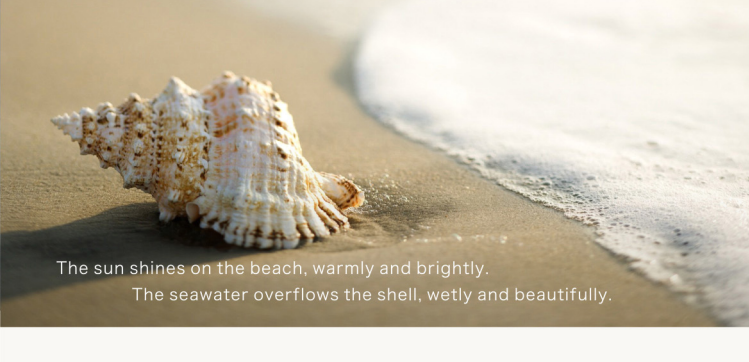

Perfect Combination of Music and Light

Just play the music in your mobile with apps, the light will function as the beat of music.

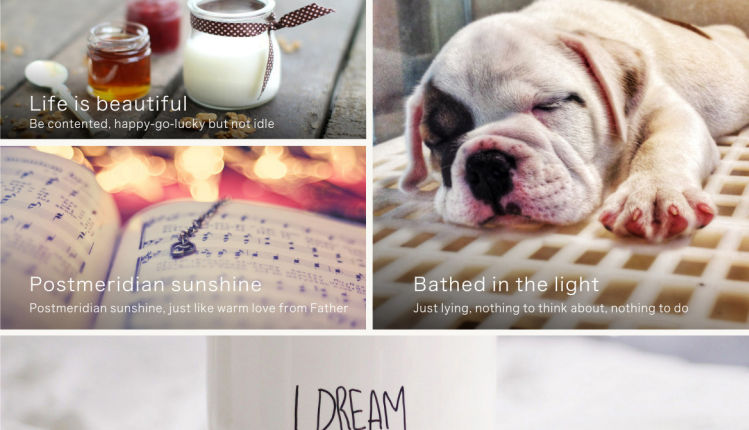

The Master of Color

Fantastic music and lighting help to create the right atmosphere, bringing back the days full of memories or close to whatever you want to make.

Delight in the Light

Unburden exhaustion, chase away loneliness, being a warm guardian, accompanying us as a loved family

Life is beautiful

Be contented, happy-go-lucky but not idle

Postmeridian sunshine

Postmeridian sunshine, just like warm love from Father

Bathed in the light

Just lying, nothing to think about, nothing to do

Reflections on Life

Home is a warm harbor after travel

Infinite Yearning

Following the sun, waiting is so wonderful

Support a variety of places

Lighting is very important to create a comfortable, healthy and high quality life. Blue light is optimal for the morning while yellow light for the evening, which conforms to the principle of biology. WiFi-101 can be used in different places to light up your spaces according to your requirements.

- Bedroom
- Entertainment
- Restaurant
- Living Room

Product parameter

Model:	WiFi-101
Communication standard:	Wi-Fi, 802.11b/g/n protocol
Input voltage:	DC12V-DC24V
Max current load:	3A×4CH Max12A
Max output power:	144W/288W(12V/24V)
Working temperature:	-30°C~55°C
Dimensions:	L125×W33×H20 (mm)
Package size:	L140×W34×H23(mm)
Weight (G.W.):	80g
