Office lighting

Home lighting

About packaging

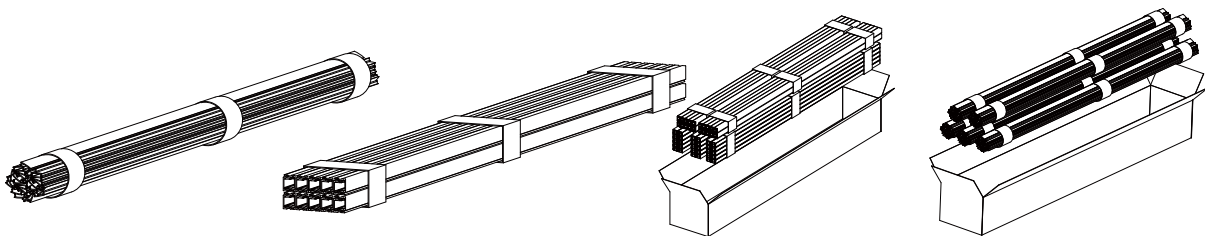

1、Aluminum profile and PC cover are protected by each outer independent PE bag

2、The cut is smooth and flat without burrs

3、Bundle in a certain quantity to ensure that the transportation process does not rub each other

4、Thickened 7-layer corrugated box, neatly packed, double-headed bubble cotton cushion protection

5、Conventional packaging: 1m-2m length specification outer box with black plastic corner protection to protect the two sharp corners, to avoid collision and product damage during air, sea transportation and express delivery. 2.5 m - 3 m length specification, surrounded by thick paper long strips around the carton to avoid transport and bending deformation
